INTRODUCTION and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Plymouth Directory since 1960), present to subscribers and the general public, this, the 1964 edition of the Plymouth City Directory, which also includes Liverman Heights, Sunset Park, The Pines and Rural Route Residents.

Confidence in the growth of Plymouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plymouth to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Plymouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Plymouth, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Plymouth, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the names streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plymouth and vicinity.

There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated, and of which Hill Directory Company is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

MORE PEOPLE ARE SEEING CITY DIRECTORY ADS

Don't Use An Old Directory!

One address taken from an old
Directory may send you miles out
of the way and waste a whole day's
time. You take pride in keeping a
fresh stock of merchandise on
your shelves—

Why not avail yourself of fresh
information for your daily use?

CAUTION . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HILL'S PLYMOUTH STREET and AVENUE GUIDE INCLUDING TELEPHONE NUMBERS and HOME OWNER SYMBOLS 1964

Including Liverman Heights, Sunset Park and The Pines

Copyright, 1964, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or homeowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Don't Use An Old Directory!

One address taken from an old
Directory may send you miles out
of the way and waste a whole day's
time. You take pride in keeping a
fresh stock of merchandise on
your shelves—

Why not avail yourself of fresh
information for your daily use?
